VOLUME 315
JULY TO DECEMBER
1997

KEY TO DATES AND PAGES

The following table gives a key to the dates of issue and the page numbers of the BRITISH MEDICAL JOURNAL in volume 315 (1997)

Date of issue		Journal pages
July	5	1-68
	12	69-136
	19	137-198
	26	199-262
August	2	263-320
	9	321-378
	16	379-438
	23	439-496
	30	497-556
September	6	557-616
	13	617-690
	20	691-756
	27	757-824
October	4	825-892
	11	893-960
	18	961-1028
	25	1029-1104
November	1	1105-1170
	8	1171-1244
	15	1245-1320
	22	1321-1388
	29	1389-1478
December	6	1479-1552
	13	1553-1632
	20-27	1633-1722

INDEX TO VOLUME 315 FOR 1997

Entries for editorials, news, papers, general practice, information in practice , education and debate, correspondence and medicopolitical digest are indicated by the use of symbols (E), (N), (P), (GP), (IP), (ED), (C) and (MD) respectively. Entries are made for authors and subjects. Series entries are made for *Controversies in management*, Drug points, *Ethical debate*, Fillers, *For debate, Fortnightly review, How to read a paper*, Lesson of the week, Personal views, *Recent advances*, and *Science, medicine and the future. Articles in the Classified Supplement* are also indexed here.

A

Aaby P, *See* Melbye M. **315**:1654
Aaron D *See also* LaPorte RE. **315**:1694
Abbasi K
— Combined blood and urine testing is more sensitive for HIV. **315**:1115 (N)
— Difference in life expectancy between rich and poor is widening. **315**:1563 (N)
— Ethical guide for surgeons is launched. **315**:1563 (N)
— Genetic engineering reverses antibiotic resistance. **315**:385 (N)
— GPs should have access to spirometry for assessing COPD. **315**:1560 (N)
— Group to vet any plans to close psychiatric hospitals in Britain. **315**:698 (N)
— Neonatal screening recommended for hearing impairment. **315**:1332 (N)
— Sensitivity of mammography depends on menstrual phase. **315**:447 (N)
— The spin on sperm (*Medicine and the media*). **315**:1386 (V)
— Three days needed to recover from head injuries. **315**:387 (N) (statement, 903)
— Thrombolysis in stroke carries large risk. **315**:566 (N)
— Transatlantic collaboration on ethnic minority health announced. **315**:764 (N)
— UK bans powerful laser pointers. **315**:1253 (N)
— UK does not have distinct drug culture. **315**:1254 (N)
— United Kingdom spends less than average on health care. **315**:568 (N)
— Unsupervised junior surgeons carry out operations. **315**:832 (N)
ABC of mental health. *See* Mental health

Abrams K, *See* Lowy A. **315**:406
A'Brook R, *See* Tunstall-Pedoe H. **315**:722
Academic medicine
— Integrated research and teaching programmes (M Rees). **315**:74 (E), 608 (L)
— National career structure needed: view from below (B Chaudhry). **315**:560 (E), 1468 (L), 1469 (L)
— Socratic dialogue (DG Grahame-Smith). **315**:593 (ED)
Accident and emergency medicine. *See* Emergency medical services
Accidental falls
— Elderly
— — general practice prevention programme (AJ Campbell, *et al*). **315**:1065 (GP)
— — risk assessment tool (STRATIFY)
— — — (D Oliver, *et al*). **315**:1049 (P)
— — — commentary: shows difficulties in deriving and validating model (DG Altman). **315**:1309 (L)
Accidents
— *Accidents in History* (Cooter, Luckin, *eds*) (*Medicine and books*). **315**:319 (V)
— Poisoning, death trends in teenagers 1985-95 (I Roberts, *et al*). **315**:289 (P)
Accidents, traffic, Fees to be enforced in Britain (J Warden). **315**:586 (N)
Accolate. *See* Zafirlukast
Accreditation *See also* Education, medical, postgraduate
— European Union and specialist training, changes proposed. **315**:1384 (MD)
Acetaminophen. *See* Paracetamol
Aciclovir, Herpes simplex gingivostomatis treatment in children and. **315**:1162 (L)
Acosta B, *See* LaPorte RE. **315**:1694
Acquired immunodeficiency syndrome *See also* HIV infections
— Canada, programmes re-examined (D Spurgeon). **315**:1400 (N)
— Developing countries
— — *NEJM* attacks unethical HIV trials
— — — overview (NA Halsey). **315**:965 (E)
— — — summary (D Josefson). **315**:765 (N)
— Gene mutation, resistance offered (J Wise). **315**:383 (N)
— Hungary, anonymous testing to end (C Kovac). **315**:567 (N)
— Palliative care: *ABC of palliative care* (CGA Wood, *et al*). **315**:1433 (C)
— South Africa, researchers' offices raided over banned drug (P Sidley). **315**:1486 (N)
— *Stopping AIDS: AIDS/HIV Public Education and the Mass Media in Europe* (Wellings, Field) (*Medicine and books*). **315**:1027 (V)
— UK, funding inequalities threaten regional services. **315**:950 (L)
— US
— — British patient in Houston. *A memorable patient* (WX Shandera). **315**:1288
— — child treatment brought into line with adults (D Josefson). **315**:902 (N)
— Vaccines, doctors volunteer to be guinea pigs (D Josefson). **315**:833 (N)
— Virus set against virus (D Josefson). **315**:700 (N)
Acupuncture *See also* Alternative medicine
— Education and safety issues. **315**:429 (L), 430 (L), 886 (L)
Acute excited states, Sudden death and (FR Farnham, HG Kennedy). **315**:1107 (E)
Adab P, Harm resulting from screening is likely to be high where prevalence of breast cancer is low. **315**:190 (L)
Adalat. *See* Nifedipine
Adam J, *ABC of palliative care*. The last 48 hours. **315**:1600 (C)
Adams K, Gimme five—books, that is (*Books*) (The muses). **315**:1712
Adamson S, *See* Suchard MA. **315**:529
Adelman HM, *See* Matfin G. **315**:952
Adjuvants, pharmaceutic, Breast cancers, radiotherapy plus chemotherapy is best (J Wise). **315**:902 (N)
Adler G, *See* Brenner H. **315**:1489
Adler M
— *The Hidden Epidemic* (*Medicine and books*). **315**:1477 (V)
— *et al*, *Sexually Transmitted Infections: Guidelines for Prevention and Treatment* (*Medicine and books*). **315**:67 (V)
Admitting department, hospital *See also* Patient admission
— Adverse drug reactions as contributing factor in elderly (CK Mannesse, *et al*). **315**:1057 (P)
— Sickle cell disease and fast track admission policy, parents' preferences (CR Fertleman, *et al*). **315**:650 (P)
Adolescence
— Arthritic hips, alternatives to replacement (MD Northmore-Ball). **315**:265 (E) (correction, 830)
— Blood pressure, maternal nutritional status in pregnancy, birth weight and (A Laor, *et al*). **315**:449 (P)
— Body mass index and birth weight and height (HT Sørensen, *et al*). **315**:1137 (P)
— Creutzfeldt-Jakob disease and meat products consumption (SM Gore, *et al*). **315**:404 (P) (correction, 857)
— Drug abuse, death trends from accidental poisoning 1985-95 (I Roberts, *et al*). **315**:289 (P)
— Hay fever and eczema, investigation into increase between the 1958 and 1970 British birth cohorts (BK Butland, *et al*). **315**:717 (P)
— Milk intake and bone mineral acquisition in girls (J Cadogan, *et al*). **315**:1255 (P)
— Problems of. *Endpiece* (W Shakespeare). **315**:517
Adrenaline, Ulcer bleeding treatment and: comparison between adrenaline injection alone and adrenaline injection plus heat probe treatment. **315**:1016 (L)
Adshead G, *Ethical debate*. Why are doctors ambivalent about patients who misuse alcohol? Whose secret is it anyway? **315**:1300 (ED)
Adverse drug reactions
— Hospital admission and, in elderly (CK Mannesse, *et al*). **315**:1057 (P)
— Reporting by hospital pharmacists: pilot study (A Lee, *et al*). **315**:519 (P)
— Reporting and monitoring (IR Edwards). **315**:500 (E)
Advertising
— Doctors, General Medical Council guidance revision. **315**:1314 (MD)
— Drugs
— — *BMJ* Indian edition: unethical? (B Gitanjali, *et al*). **315**:459 (P)
— — evidence based? **315**:1621 (L), 1622 (L), 1623 (L), 1624 (L), 1625 (L)
— — sex stereotyping (L Breimer) (*Personal views*). **315**:1550 (V)
— Tobacco. *See* Tobacco
Advice that changed my practice. *See* Fillers
Aesthetics, Facial disfigurement and, counselling. **315**:120 (L)
Afghanistan *See also* Asia
— Ketamine and kalashnikovs (J Rogers) (*Personal views*). **315**:1473 (V)
— Locomotor disability caused by poliomyelitis and landmines (M-L Lambert, *et al*). **315**:1424 (P) (correction, **316**:116)
Africa *See also* Ethiopia; Gambia; Malawi; South Africa; Sudan; Uganda; Zambia
— 21st century: can despair be turned to hope? (DE Logie, SR Benatar) (*Personal paper*). **315**:1444 (ED)

NEW

New Dictionary of Medical Ethics

Kenneth M Boyd, Roger Higgs, Anthony J Pinching

- A practical and thought-provoking introduction to the most important ethical issues in medicine today
- Contains over 700 concise entries contributed by today's outstanding practising clinicians and medical ethicists
- Covers subjects ranging from the doctor-patient relationship and health service management, to controversial issues such as abortion, AIDS, and euthanasia
- Provides extensive cross references and suggested further reading

An essential purchase for all health care workers, medical lawyers, students, and anyone with an interest in medical ethics.

ISBN 0 7279 1001 9

Guide to the Internet

Second Edition

Mark Pallen

Now fully revised, this edition charts a clear path - with a medical slant - through the information superhighway.

Highlighting problems and pitfalls along the way, this concise and practical guide covers:

- E-mail
- the world wide web
- logging in
- downloading
- reading the news

An inspiration for all health professionals when they arrive in cyberspace!

BMJ Books

A Simple Guide to

Blood Gas Analysis

Interpreting results of blood gas analysis is vital for managing patients with diseases of the respiratory and cardiovascular systems and during resuscitation.

With a simple and easy to grasp system of interpretation this authoritative book explains some basic principles - step by step.

Features include:

- Chapters with test questions
- Cartoons and illustrations to help clarify complicated areas
- Regular summaries and key points
- Real examples of using the system to assess patients
- Practical tips on a safe method of obtaining an arterial blood sample

A revealing and user friendly guide, ideal for all those previously intimidated by this notoriously complex topic.

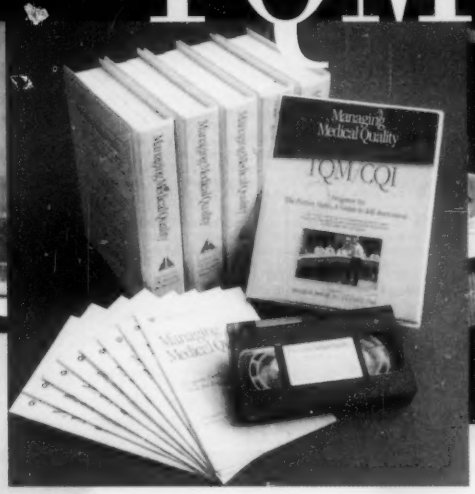
Managing Medical Quality

BMJ Bookshop

featuring
Donald M. Berwick
Paul E Plsek

TQM/CQI



Managing Medical Quality is a video-based educational series that shows how to apply Total Quality Management (TQM) and Continuous Quality Improvement (CQI) in your health care organisation. Using examples of successful quality improvement projects in health care services ***Managing Medical Quality*** helps you to clarify the role of leadership, encourage employees to take responsibility for quality, and make TQM/CQI part of the organisational culture.

Presented by Donald Berwick and Paul Plsek, internationally recognised experts in the field of medical quality management and quality improvement in health care, ***Managing Medical Quality*** is suitable for training staff at all levels within hospitals, managed care organisations, long term care facilities, as well as clinics and group practices.

The series comprises a set of six videos covering the various stages of TQM/CQI. Each programme in the series includes a teacher's guide and a set of workbooks which can easily be photocopied to facilitate learning and ensure years of use from each programme.

Managing Medical Quality covers the following topics:

Video 1: The Need and the Opportunity
Video 2: The Principles of Total Quality Management
Video 3: The Quality Improvement Process
Video 4: Tools for Improving Quality
Video 5: Roadmap for Change
Video 6: The Future State - A Guide to Self-Assessment

To order your set, simply call the BMJ Bookshop credit card order hotline on 0171 383 6244/6638, or complete the order form opposite and return it to the BMJ Bookshop with your payment.

PUBLISHED BIMONTHLY

JOURNAL OF

Medical ETHICS

Journal of the Institute of Medical Ethics

First published in 1975, **Journal of Medical Ethics** is a leading international journal featuring interdisciplinary articles on ethical aspects of health care. With an increase in frequency from quarterly to bimonthly, the journal offers original articles, case conferences, editorials, book reviews, correspondence, news and notes.

A Selection of Recent and Forthcoming Papers:

Guest editorial: Medical Ethics, teaching and the new genetics
Bob Williamson

Requests for 'inappropriate' treatment based on religious beliefs
Robert Orr

A proposed draft protocol for the European convention of bioethics relating to research on the human embryo and fetus *Judge Christian Byk*

The right to refuse treatment is not a right to be killed
Susan L Lowe

Guest editorial: Petty corruption in health care
Bela Blasszauer

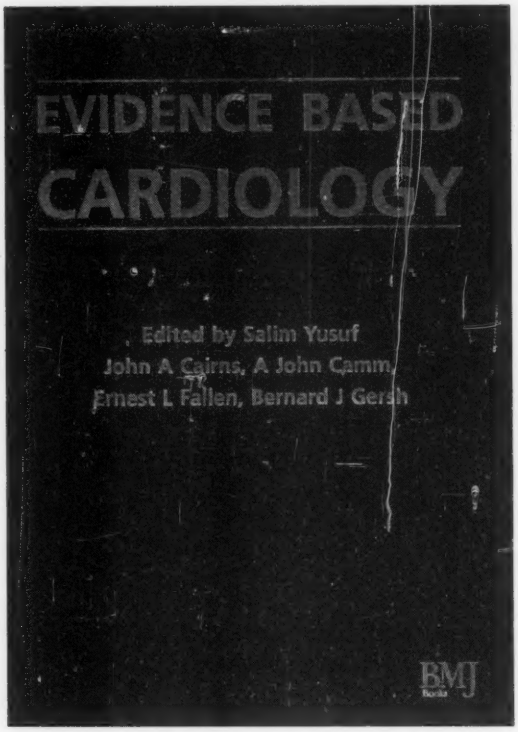
Evidence Based Cardiology



Edited by
Salim Yusuf
McMaster University,
Ontario, Canada

John Cairns
University of British Columbia, Vancouver,
Canada

John Camm
St George's Hospital Medical School,
London, UK

Ernest Fallen
McMaster University, Ontario, Canada

and Bernard Gersh
Georgetown University Medical Centre,
Washington, USA

- Ground breaking text of major importance
- Addresses the implementation of evidence based medicine in the major cardiological subspecialties
- Over seventy chapters written by leading workers
- Edited by an international team of widely recognised specialists
- Shows not only what the evidence is, but how to use it
- Case histories provide intriguing discussions on how to apply the evidence in real life situations

0 7279 1171 6 HB 260 x 190 mm 1072 pp. April 1998

Special introductory price until end of June 1998.

UK £99.00; Overseas £105.00. A saving of at least £30.00.

BMJ Publishing Group

Evidence-Based Mental Health

EDITORS: John Geddes, Shirley Reynolds, David Streiner & Peter Szatmari

Mental health practitioners can now stay up-to-date with the best available evidence - as it is published.

New from the BMJ Publishing group, 'Evidence-Based Mental Health' follows on from the success of its sister publication 'Evidence-Based Medicine' and is designed to meet the needs of mental health specialists worldwide. The first issue was published in February 1998.

Evidence-Based Mental Health

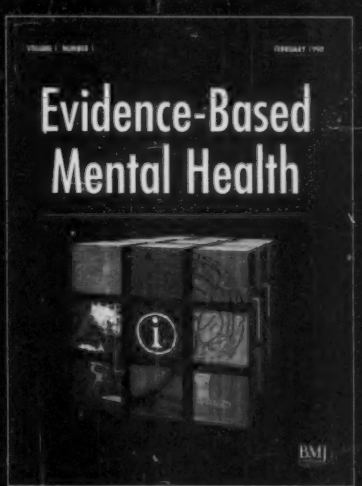
www.evidbasedmentalhealth.com



Evidence-Based Mental Health will:

- keep the clinician up-to-date by using scientific criteria to select and abstract the most reliable and important clinically relevant papers from an expanded range of journals
- abstract promising preclinical studies to keep the specialist informed about current developments
- cover developments in diagnosis, therapy, harm, prognosis, economic evaluation, quality improvement, causation
- provide accompanying commentaries by experienced clinicians to facilitate the integration of research and clinician experience
- provide educational and theoretical articles on development in evidence-based practice, particularly aspects relevant to the mental health clinician
- adopt a multidisciplinary approach to mental health

Evidence-Based Mental Health is essential reading for clinicians from all disciplines, managers and policy makers
